**Databases in historical research--theory, methods, and---**

Designing Databases for Historical Research was one of two modules that we launched alongside History SPOT late in 2011. Unlike most courses on databases that are generic in scope, this module focuses very much on the historian and his/her needs. The module is written in a handbook format by Dr Mark Merry.

**Designing Databases for Historical Research—On History**

Databases for historians. This 4-day course is an introduction to the theory and practice of constructing and using databases. Taught via a mixture of formal lectures and 'hands-on' practical classes, the session will introduce a wide range of skills and techniques, showing how to design and build a database appropriate to the needs of your project, and illustrating how this will help to guide and expand your analysis.
