Finance And The Good Society [EBOOK]

Finance is a “ functional ” science that exists to support other goals – those of society. And the better aligned a society ’ s financial institutions are with its goals and ideals, the stronger and more successful the society will be. To create that kind of alignment, we must begin to think about finance differently.

Finance and The Good Society | Project Invested

If finance succeeds for all of us, it helps to build a good society. The better we understand this point, the better we will grasp the need for ongoing financial innovation." In the book, Shiller argues that rethinking finance and its role in society requires defining finance more broadly, as not merely stocks and bonds and mathematical equations, but as the stewardship of society's assets.
