all given expert insight in this indispensable guide for stereo shoppers. Consumers today often use home-audio systems for both stereo music and surround-sound music, they buy multichannel systems instead of two-channel stereo systems, they may have HDTV and flat-panel televisions, and they have largely moved to in-wall and on-wall loudspeakers rather than floorstanding units. Questions relating to all of these changes are covered in a novice-friendly way, as well as Super Audio CD, DVD-Audio formats, and all of the latest surround-sound formats for home theater. The emphasis is not only on
