In January 2003, Kenya—seen as the most stable country in Africa—was hailed as a model of democracy after the peaceful election of its new president, Mwai Kibaki. By appointing respected longtime reformer John Githongo as anticorruption czar, the new Kikuyu government signaled its determination to end the corrupt practices that had tainted the previous regime. Yet only two years later, Githongo himself was on the run, having discovered that the new administration was ruthlessly pillaging public funds. the very roots of the continent's predicament. It is a story that no one concerned with our global future can afford to miss.

Blossoms of the Savannah is the story of two sisters, Taiyo and Resian, who are on the verge of womanhood and torn between their personal ambitions and the humiliating duty to the Nasila tradition. Relocation to their rural home heralds a cultural alienation born of their refusal to succumb to female genital mutilation and early marriages. In pursuit of the delicate and elusive socio-economic cultural balance in Nasila, Ole. Kaelo, the girls' father is ensnared by a corrupt extortionist. To extricate himself he sends his daughters into a flat-spin labyrinth from which they have to struggle to escape.

Betrayal in the City, first published in 1976 and 1977, was Kenya's national entry to the Second World Black and African Festival of Arts and Culture in Lagos, Nigeria. The play is an incisive, thought-provoking examination of the problems of independence and freedom in post-colonial African states, where a sizeable number of people feel that their future is either blank or bleak. In the words of Mosese, one of the characters: "It was better while we waited. Now we have nothing to look forward to. We have killed our past and are busy killing our future."--Page 4 of cover.
