Index - The Presentation Lab: Learn the Formula Behind ...
The Presentation Lab makes very clear upfront that readers will not learn how to create more visually appealing or better designed slides. And while this is one of the more illustrated business books I've read in a while, it just isn't about the visual side of effective presentations, but rather what needs to go into a presentation's intent, structure and story creation.

Laboratory teaching assumes that first-hand experience in observation and manipulation of the materials of science is superior to other methods of developing understanding and appreciation. Laboratory training is also frequently used to develop skills necessary for more advanced study or research. (in Gage, p. 1144-1145) Why use Lab-Based Learning?

Lab-Based Learning | Centre for Teaching and Learning
Getting hands on and in the trenches is BY FAR. the most effective way to teach and share everything - and it's what we do best.. Over the past few years we've delivered growth mindset professional development to hundreds of schools, and we've presented the learner / growth mindset workshop to audiences from every industry that you can imagine - professional sports teams, Fortune 500 ...

Learner Workshops - The Learner Lab
The easier path is the one where you learn how presentation skills work and develop a style that includes your idiosyncrasies and quirks. This means you don't have to learn to behave differently when you present. Let me give you an example of what I mean. Most presenters are concerned about their body language when presenting.
